

A technical line drawing of a mechanical assembly, likely a mold or a specialized connector. The drawing is shown in a perspective view. It features a central horizontal shaft or rod. On the left side, there is a complex, multi-part assembly with several rectangular slots or openings. On the right side, there is another complex assembly, possibly a handle or a mounting bracket, with various slots and a curved end. The drawing is a black and white line art, typical of technical manuals.
